

School Priorities: 2022-2023

1. To develop teaching and learning in mathematical reasoning.
2. to maintain a focus on raising standards in maths and English so that all pupils make progress, resulting in class outcomes which are at or above national benchmarks.
3. To develop opportunities for parental engagement.
4. to continue to develop and embed the school well-being provision.
5. To continue to develop speech, language and communication skills across school.
6. to begin to develop a clear programme of enrichment opportunities to enhance pupils' cultural capital.
