

Strategic Objectives: 2022-2025

1. For all children to achieve the highest possible standards in English and maths through excellent teaching, learning and provision.
2. To continue to enhance the school's broad and balanced curriculum so that:
 - Learning outside the classroom is inclusive, embedded and effective
 - Pupils develop the knowledge, language and cultural capital needed for success
 - The range of experiences available for pupils is developed further
3. To further strengthen relationships with families and the wider community.
4. To continue to develop a culture where the well-being, resilience, mental health and development of all members of the school community is prioritised and nurtured.
