

# Ashfield Valley Primary School —Year 1 - Autumn 1- Animals Including Humans - Can I name the main parts of the human body and explain their functions?

## Key Vocabulary and Knowledge

Humans have 5 senses. These senses are linked to parts of the body.

**Sight** – Your eyes let you see all the things around you.

**Hearing** – Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.

**Touch** – Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it!

**Taste** – Your sense of taste comes from your tongue. You can tell if something is bitter or sweet. You might like some tastes and not others.

**Smell** – You smell using your nose. Your nose can tell if things smell good or not.
